

## Aviation Scholarships

The **Aero Club of Pennsylvania Memorial Scholarship Program** awards young men and women interested in pursuing a career in the aviation industry. Scholarships are given for flight training and in fields like aircraft maintenance, avionics repair and design, airport management, air traffic control, and aerospace engineering.

The scholarship application period runs from January to April each year and the awards are given in June. Typical awards range from \$1000 to \$5000. See reverse side for more details.

### SCHOLARSHIP CATEGORIES

- 1) **PRE-SOLO:** A few scholarships (\$1000 to \$2500) will be given to applicants with no flight experience for fixed wing, glider, rotary wing or other type aircraft flight lessons.
- 2) **ADVANCED:** Many scholarships (\$2000 to \$5000) will be given to candidates who have started their aviation lessons on their own and completed their first solo flight or can demonstrate equivalent commitment in a related aviation field.
- 3) **OTHER:** Special awards are frequently available for Tailwheel instruction, Aviation Maintenance training, and Airline (ATP) time building.
